When You Have a Cold

Give it attention, avoid exposure, be regular and careful of your diet, also commence taking Dr. King's New Discovery. It contains Pine Tar, Antiseptic Oils and Balsams. Is slightly laxative. Dr. King's New Discovery eases your cough, soothes your throat and bronchial tubes, checks your cold, starts to clear your head. In a short time you know your cold is better. Its the standard family cough syrup in use over 40 years. Get a bottle at

once. Keep it in the house as a cold insurance. Sold at your druggist. adv no 3

STORE IMPROVEMENTS

The Safford Jewelry Company is making some much needed alterations at its store in Cooper's Pharmacy, in order to provide for its large stock of cut glass, silverware, clocks and optical goods. A fine double-decked show window has been built and new shelving and fixtures added. The

that can offer you the same high-class goods, great variety and attractive prices that we do is hard to find. We keep all sorts of Provisions and Table Luxuries that make a strong appeal to the careful and thrifty housekeeper. Our goods are fresh and satisfactory at all times, and we make it our business to see that you are pleased if you deal with us.

Packard and other prominent automobile engineers favor motor oils from Western crude. Exposition juries at San Francisco and San Diego gave highest competitive awards to Zerolene—an oil from Western crude. Zerolene is the best oil for your motor because scientifically refined from selected California crude—*asphalt-base*. Government experts tell us that oils correctly refined from asphalt-base crude "distill without decomposition" [do not break up and lose their lubricating value under cylinder heat] and are "much better adapted to motor cylinders, as far as their carbon-forming proclivities are concerned, than are paraffine-base Pennsylvania oils." When you empty the crank-case refill with Zerolene. Dealers everywhere and at service stations and agencies of the Standard Oil Company.

Telephone service enters more intimately into the lives of the public than does any other utility, for it affects, in a greater or lesser degree, practically every form of human activity.

We cannot afford to pursue any course, which, upon analysis, would prove to be contrary to the best interests of the public and a consequent betrayal of public confidence.

This condition imposes upon us grave responsibilities, which we cheerfully recognize and which we undertake at all times to discharge in a manner that will merit public favor.

Therefore, we shape our policies and build our rates to conform to the best thought developed in the telephone business up to the present day.

By pursuing such a course we believe we will always merit the confidence of the people we serve.

Our entire PLANT, which affords facilities for intercommunication in the cities, towns and rural districts of seven states, is built upon confidence. Confidence in the industrial and commercial future of the territory which our system covers; confidence in the fairness of the people we serve and confidence in our ability to serve the public well.

Our entire BUSINESS is built upon confidence. Confidence which the public has in our corporate character; confidence in the integrity of our policies and confidence in our ability to render efficient service.
